TOWN WARRANT

The State of New Hampshire

To the inhabitants of the Town of Rye, in the County of Rockingham in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Rye Junior High School in said Rye on Tuesday the ninth of March, next, at nine o'clock in the forenoon, to vote by ballot upon the following subjects:

ARTICLE 1. To choose a Moderator for the ensuing two years; a Treasurer for the ensuing year; a Supervisor of the Checklist for the ensuing six years; a Selectman, a Cemetery Trustee, a Library Trustee, a Trustee of the Trust Funds, and two Mudget Committee Members for the ensuing three years.

ARTICLE 2. To choose all necessary officers for the Rye School District in accordance with the statutory procedure adopted by said District at its March 1962 annual meeting.

ARTICLE 3. To see if the Town will vote to amend the Town of Rye Building Code as proposed by the Rye Planning Board, to wit:

Amendment 1. To add to the end of Section 7.7 the following: Smoke detectors shall be installed in all new construction in accordance with RSA 153:1 and RSA 153:10-a. All woodstove installations shall be inspected and approved by the Fire Department.

Amendment 2. To change 50 feet to 35 feet in Section 7.11(a) so it reads as follows: In any commercial or industrial district defined by the National Board of Fire Underwriters, the height shall not exceed thirty-five (35) feet.

Amendment 3. To delete the words "and include ground fault interrupter" in Section 7.18(e) so it reads as follows: All such installations shall comply with the National Electrical Code.

Amendment 4. To add a new Section 7.19 as follows: Energy Code (Refer to State Code). All new and modified construction shall comply with the requirements of the N. H. Energy Code (RSA 155-D), the BOCA Code, and the Fire Prevention Code.

ARTICLE 4. To see if the Town will vote to amend the Town of Rye Zoning Ordinance as proposed by the Rye Planning Board, to wit:

Amendment 1. To delete definition of Home Occupation in Section II and add a new definition as follows: Any occupation which is customarily conducted entirely within a dwelling and which is completely incidental and secondary to the use of the dwelling for dwelling purposes.

Amendment 2. To delete present Section IV, Paragraph C. and substitute the following: Section IV - Single Residence Districts

C. Customary home occupations provided that:

1. Only the person or persons maintaining a dwelling therein and one employee are employed in the home occupation.

2. Such use does not display or create outside the building any evidence of the home occupation, except a single unlighted sign which shall not exceed four (4) square feet.
3. No more than twenty-five (25) percent of the ground floor area of a dwelling unit up to a maximum of three hundred (300) square feet be used.
4. Such use does not involve substantial increase in daily traffic flow and hazard due to increased turning movements, nor require parking in the public right-of-way.
5. No offensive noise, vibration, smoke, dust, fumes, odors, heat, glare, unsightliness, or nuisance is produced.

Amendment 3. To delete present Sections VII and VIII and substitute a new Section VII and revise Zoning Map to conform. Section VIII is deleted and left in reserve. References in the Ordinance to Section VIII to be changed to Section VII.
New Section VII - Business District

In a Business District, no building, structure or portion thereof shall be erected, altered or moved, and no land or building or part thereof shall be used, arranged, or designed to be used except for one or more of the following uses:

- A. Any use permitted in any residence district, including accessory uses so authorized, and subject to all limitations there applicable.
- B. Any of the following uses when authorized as a special exception by the Board of Adjustment:
 1. Retail establishment for the sale of groceries, dry goods, and other items commonly related to the retail grocery business.
 2. Drug stores, barber shop, beauty parlor, tailor shop, TV service, retailing of toys and hobby crafts, bicycle shop and other similar uses.
 3. Gift, novelty, and sports shops.
 4. Restaurant, tearoom, ice cream shop, or similar place serving food or beverage.
 5. Motel, tourist camp, lodging house, and hotel, but only in accordance with the provisions of Section XV of this ordinance, insofar as applicable.
- C. Any use of the same general character as any of the uses therein before authorized as permitted uses or special exceptions, when authorized as a special exception by the Board of Adjustment.
- D. Dimensional Requirements.
 1. Rear Yards: There shall be behind every building a rear yard having a minimum depth of one-quarter of the depth of the lot or thirty (30) feet, whichever is less.
 2. Side Yards: There shall be on each side of every building a side yard having a minimum width of twenty (20) feet, except that twenty (20) feet between cabins shall be sufficient on a tourist camp site.
 3. Front Yards: There shall be in front of every building a front yard having a minimum depth of thirty (30) feet.
 4. Corner Clearance: On a corner lot, the same corner clearance shall be provided as required in residence districts.
 5. Building Area: No more than forty percent (40%) of the area of any lot shall be occupied by buildings. The building requirements for dwellings in this district shall be the same as specified for dwellings in a General Residence District. No principal building other than a dwelling on a lot in this district shall have less than 1,200 square feet of ground floor area, excepting tourist camps.

6. Area of Lot: No single-family dwelling or any other building shall be erected on a lot containing less than forty-four thousand (44,000) square feet, except for tourist camp sites. Tourist camp sites require a minimum of 2,200 square feet. Two-family dwellings, as permitted in the district, shall require a minimum of eighty-eight thousand (88,000) square feet of lot area. The frontage of a lot shall be at least 150 feet and the depth of a lot shall be at least 150 feet.
7. Height: No building shall exceed two and one-half stories or thirty-five (35) feet in height.
8. Servicing and off-street parking shall be provided in accordance with Section XVII of this ordinance.
9. Sanitary Facilities: All plumbing and waste disposal facilities must conform to both the Town and State Ordinances applicable.

Amendment 4. To add the words "home for the elderly" to Section XIV.b.4. so it reads as follows: Hospital, convalescent or nursing home, home for the elderly, religious or educational institution.

Amendment 5. To add to Section XIV, paragraph B., a new Section 8 as follows:

- Condominium Conversion - In any district conversion of existing dwelling units to condominium ownership shall be permitted as a special exception granted by the Board of Adjustment, only if all the following conditions are met.
- a. A complete set of site plans and floor plans, as well as a complete set of all condominium documents must be filed with the Board of Adjustment.
 - b. The septic system and/or private sewer system standards of the New Hampshire Water Supply and Pollution Control Board and the Town of Rye existing as of the date of the request for condominium conversion must be met or exceeded by all systems used by the dwelling units associated with the condominium conversion, and a certificate to that effect must be filed with the Board of Adjustment; based on review of Town records by the Building Inspector or an on-site inspection of systems and soil conditions by a professional engineer.
 - c. The off-street parking requirements of the Town of Rye existing as of the date of the request for condominium conversion must be met.
 - d. The proposed conversion of the existing dwelling unit to condominium ownership shall not adversely affect the values of the surrounding properties.
 - e. The proposed conversion to condominium ownership must be found to be in the best interest of the Town.
 - f. In the case of seasonal properties the condominium declaration and other documents which are recorded in the Registry of Deeds shall indicate on their face that the property may only be used for seasonal purposes and the months when the property may be used shall be indicated in the documents.
 - g. A plan shall be prepared and submitted to the Board of Adjustment showing the location of all utilities on the site and the plan shall indicate the location of all water connections and locations where the shutoff valve will be located for each particular unit in the case of a condominium project containing more

than one unit. The plan shall indicate whether or not additional meters other than those existing or additional lines from the street will be required as a result of the condominium conversion.

- h. The dwelling units which are subject to the request for condominium conversion must, at the time of the request for condominium conversion, exist as legal dwelling units pursuant to the ordinances of the Town of Rye. The burden shall be on the petitioner to demonstrate that the units sought to be converted have legal status. Each dwelling unit of the condominium shall contain a minimum of six hundred (600) square feet of floor area.

Amendment 6. To delete present Section XV, paragraph G. and substitute the following revised section:

Section XV.G. Limitation of Residence: No unit shall be occupied in any month other than from May 15 through October 15, unless approved for year-round occupancy by the Building Inspector, who shall ascertain that (1) there is sufficient parking under winter conditions, (2) there is sufficient leach field capacity, and (3) there is an adequate and safe heating system.

Amendment 7. To add to Section XVI, a new paragraph D. Mobile Home Subdivisions, as follows: Mobile homes shall be allowed in a Mobile Home Subdivision. Such subdivision shall have a minimum of ten (10) acres and shall comply in all other respects with the Rye Subdivision Regulations and shall be restricted to mobile homes.

Amendment 8. To add to Section XXII, a new paragraph I. as follows:

I. Certificates

Certificate of Occupancy: No new building or structure or major reconstruction or addition shall be occupied or used, in whole or in part, until a certificate of occupancy shall have been issued by the Building Inspector and, except for dwellings, posted on the premises stating the purpose for which the building may be used in its several parts, the maximum permissible live loads on the several floors, the number of occupants that may be accommodated in the several stories, in case such number is limited by a provision of law or by permit, and all special stipulations of the permit, if any.

Certificate of Change of Occupancy: a. No change of occupancy shall be made in a building or structure that is not consistent with the last issued certificate of occupancy for such building or structure, unless a new certificate of occupancy is secured. b. The occupancy of a building or structure shall not be deemed to have changed because of a temporary vacancy or change of ownership or tenancy. The re-establishment in a building or structure, after a change of occupancy has been made, of a prior use that is not permitted in a new building or structure of the same type of construction, is prohibited. The change from a specifically prohibited use to another specifically prohibited use shall not be made.

Inspections: Inspections required under the provisions of this code shall be made by the Building Inspector or his duly appointed assistant. The Building Inspector may accept reports of inspectors of recognized inspection services, after investigation of their qualifications and reliability. No certificate called for by any provision of this code shall be issued on such reports unless the same are in writing and certified to by a responsible officer of such service.

Amendment 9. To add to Section XII, Signs and Outdoor Advertising, immediately preceding paragraph A. of the existing regulation, the following:

For the purpose of this section, sign shall include any letter, word, symbol, drawing, picture, design, device, article or object that advertises, calls attention to or indicates any premises, person or activity, whatever the nature of material and manner of composition or construction.

Display Surface is the area of the sign available for the advertising message.

Sign Structure means the support, uprights, braces and framework of the sign.

Erect shall include the words attach, build, paint, construct, reconstruct, alter, enlarge, and move.

A Wall Sign means any sign erected against the wall of a building or structure, or a sign that is a part of the building or structure with the exposed face of the sign in a plane parallel to the plane of said wall, building or structure and shall not project more than one (1) foot from the side of the structure, or above the highest line of the roof or extend beyond a corner of the structure.

A Free Standing Sign means any sign that is supported independently from any building.

A Roof Sign means any sign attached to the roof surface of a building on which the display surface is above the roof level.

An Individual Letter Sign means a sign made of separate letters. The dimensions of such sign shall be the height of the tallest letter and the width of the combined letters as displayed.

A Projecting Sign means any sign other than a wall sign extending from and supported by a building and shall include signs painted or attached to wirings.

A Marquee Sign means any sign attached to a roof like structure or awning which projects over the entrance to a building.

A Temporary Sign means any sign erected for a limited period of time.

An Electric Sign means any sign containing electric wiring which is illuminated by incandescent or fluorescent lamps or luminous tubes or provides a beacon or searchlight.

A Billboard means a free standing sign that is supported independently from any building and used for outdoor advertising purposes not relating to the property and/or premises on which it is erected.

A Moving Sign means any sign that is animated by mechanical or natural means.

Districts referred to in this article shall be as set forth in the Zoning Ordinance of the Town of Rye.

Administration - Permits Required: A permit is required for the erection of all signs except those specifically exempt from this section. Application for a sign permit shall be made in writing to the Building Inspector stating the proposed sign location by street and number, the names and addresses of the owner and the sign contractor or erector. The Building Inspector may require the submission of plans and other information pertinent to construction and installation. A permit shall not be issued to any person until a proper certificate of public liability insurance satisfactory to the Building Inspector is in force.

A fee shall be paid to the Town for each sign permit and collected by the Building Inspector in accordance with a schedule established by the Selectmen. The permit number shall be clearly indicated on the sign. No permit shall be required to re-finish an existing sign or change the display on a changeable letter sign. No permit is required for signs conforming to the Zoning Ordinance in a Residential Zone.

Enforcement: The Building Inspector is charged with the enforcement of this section. Whoever violated any provision of this section shall be punished by a fine not exceeding one hundred dollars (\$100.00) a day for each offense (Section XXIII, paragraph D.). The Building Inspector shall require the proper erection and maintenance of all signs. The Building Inspector may order the removal of any sign that is not properly maintained.

Signs erected before the adoption of this ordinance shall not be rebuilt or relocated except in conformance with this section. Signs erected before the adoption of this ordinance that do not conform to the provisions of this section shall be made to so conform within two (2) years of the effective date of this ordinance.

Installation: No sign shall be erected which obstructs any fire escape, door, ventilator, or other opening, or prevents free access to all parts of a roof. Electric signs - flashing signs are prohibited; red or green lights that would create a traffic hazard are prohibited; no sign may be illuminated between 1:00 a.m. and 6:00 a.m.; no exposed, uninsulated parts of an electrical sign shall be closer than nine (9) feet to the ground. No sign is permitted that in any way creates a traffic hazard.

All parts of a sign shall be secured to the display surface or supporting structure. No sign shall be painted on the exterior surface of any wall or roof. No moving signs are permitted. No sign shall be placed in or upon any street, public building or place without permission of the Selectmen.

Billboards and Off Premises Advertising: Billboards shall not be permitted. Signs not relating in subject matter to the premises on which they are located, or not related to products, accommodations, services or activities on the premises shall not be permitted.

ARTICLE 5. On petition of George E. Carpenter and 34 others, to see if the Town will vote to amend the Zoning Ordinance Map of the Town of Rye, reclassifying the land described below from a residential area to commercial, to wit:

A certain tract of land, containing six (6) acres, more or less, and situated in said Town of Rye, lying on Washington Avenue, and more particularly bounded and described as follows:

Being triangular in shape and bounded Northerly by Lafayette Road, so-called, Easterly by Washington Avenue, and Southerly by land now or formerly of Alvin Berry.

Excepting and reserving from the within described premises a certain lot or parcel of land conveyed by Walter E. and Mildred V. Wilson to Alfred P. Berry by deed dated May 3, 1952, recorded in Rockingham County Registry of Deeds, Book 1244, Page 453, "situate on the Westerly side of Washington, in said Rye, and more particularly bounded and described as follows:

"Beginning at a stone post in the ground in the Westerly side line of said Washington Road, at the Northerly side line of other land of said Berry; thence running by said land of said Berry North 81°28' West 89.4 feet to a stone post; then continuing through said stone post by said land of said Berry North 79°50' West 214.2 feet to a corner at other land of these grantors; thence turning and running in a Northerly direction by said land of these grantors 13.7 feet to a corner; thence turning and running in an Easterly direction, also by other side line of said Washington Road; thence turning and running South 12°13' East by the stone wall and Easterly side line of said Washington Road 125.0 feet to the stone post at point of beginning."

(The Article not recommended by the Planning Board)

ARTICLE 6. To see if the Town will vote to adopt the provisions of RSA 72:43-f for the adjusted elderly exemption from property tax, to wit:

RSA 72:43-f. Amount of Exemption

I. Residential real estate, as defined by RSA72:29, II, which meets the requirements of paragraph II and whose owner qualifies under RSA 72:43-g shall be exempt from tax in the following amounts:

(a) For a resident from 65 years of age up to 75 years, \$10,000 of the valuation; or

(b) For a resident from 75 years of age up to 80 years, \$15,000 of the valuation; or

(c) for a resident 80 years of age or older, \$20,000 of the valuation.

II. Residential real estate, as defined in RSA72:29, II shall qualify for the elderly exemption if it is:

- (a) Owned by a resident 65 years of age or over;
- (b) Owned by a resident jointly or in common with his spouse, either of whom is 65 years of age or over;
- (c) Owned by a resident 65 years of age or over jointly or in common with a person not his spouse; or
- (d) Owned by a resident whose spouse is 65 years of age or over and who has been married to, and living with, his spouse for at least 5 years.

RSA 72:43-g. Conditions. No exemption shall be allowed under RSA 72:43-f unless the applicant:

I. Has resided in the state for at least 5 years preceding April 1 of the year in which the exemption is claimed;

II. Had in the calendar year preceding said April first a net income from all sources of less than \$10,000, or if married, a combined net income of less than \$12,000, such net income to be determined by deducting from all monies received from any source whatsoever the amount of any of the following or the sum thereof:

- (a) Life insurance paid on the death of an insured;
- (b) Expenses and costs incurred in the course of conducting a business enterprise;
- (c) Proceeds from the sale of assets;
- (d) Social security payments.

III. Owns net assets of \$30,000 or less, excluding the value of the person's actual residence and the land upon which it is located up to the greater of 2 acres or the minimum single family residential lot size specified in the local zoning ordinance. "Net assets" means the value of all assets, tangible and intangible, minus the value of any good faith encumbrances. "Residence" means the houseing unit, and related structures such as an unattached garage or woodshed, which is the person's principal home, and which he in good faith regards as his home to the exclusion of any other places where he may temporarily live. "Residence" shall exclude unattached structures used or intended for commercial or other non-residential purposes.

Polls will not close before seven o'clock p.m. on March 9, 1982.

You are hereby further notified to adjourn to meet at the Rye Junior High School on the thirteenth day of March, next, at seven o'clock in the evening, to vote upon the following subjects:

ARTICLE 7. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

ARTICLE 8. To see if the Town will vote to allow a five percent (5%) discount on all property taxes paid within thirty (30) days from the date of mailing of the tax bills.

ARTICLE 9. To see if the Town will vote to authorize the Selectmen, until directed to the contrary at a subsequent Town Meeting, to apply, negotiate and do all other things necessary to obtain such Federal, State, or other assistance as may be available for design of, and construction of a sewage disposal system, and to authorize the Selectmen to borrow money in anticipation of said assistance as outlined in N.H.R.S.A. 33:7-b et seq., as amended, and pass any vote relating thereto.

ARTICLE 10. To see if the Town will vote to raise and appropriate a sum of one hundred fifty-five thousand dollars (\$155,000.00) for the purpose of preparing plans and specifications on sewage treatment facilities which are requirements contained in the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et seq.) and will qualify the Town for Federal funds, such sum to be raised by the issuance of Serial Bonds or Notes not to exceed one hundred fifty-five thousand dollars (\$155,000.00) under and in compliance with the provisions of the Municipal Finance Act (N.H.R.S.A. 33:1 et seq., as amended) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interests of the Town of Rye and to allow the Selectmen to expend such monies as become available from the Federal Government under the Financial Assistance Program of the Construction Grants section of the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et seq.) and pass any vote relating thereto.

It is understood that the eligible portions of the one hundred fifty-five thousand dollars (\$155,000.00) appropriated by this article shall be reimbursed by the Federal Government in accord with the Financial Assistance Program of the Construction Grants section of the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et seq.), and by the State of New Hampshire who shall reimburse twenty percent (20%) of all eligible costs. The remaining town share shall be reimbursed to the Town by users of any sewerage or sewage treatment facility designed and construction pursuant to this article through appropriate user charges.

(This Article will require a two-thirds vote.)

(This Article is recommended by the Budget Committee)

ARTICLE 11. To see if the Town will vote to require the Selectmen to complete by June 1, 1982 a comprehensive study to provide detailed soil analysis and engineering data for use in evaluating alternatives to the central sewer system ordered by the N.H.W.S.P.C.C. and to raise and appropriate sixteen thousand five hundred dollars (\$16,500.00) for that purpose.

(This Article is recommended by the Budget Committee)

ARTICLE 12. a. To see if the Town will vote to have the appraisal division of the Department of Revenue Administration or a private concern, whichever is in the best interest of the Town, conduct a complete revaluation starting in 1982 to be completed for 1983.

b. To see if the Town will vote to raise and appropriate the sum of ninety-five thousand dollars (\$95,000.00) for the revaluation of the Town.

c. To see if the Town will vote to authorize the Selectmen to withdraw funds from the Capital Reserve Fund established in 1978 in the amount of forty-five thousand dollars (\$45,000.00), to use Revenue Sharing Funds up to the amount of thirty-eight thousand dollars (\$38,000.00), and to raise the balance by taxes for the revaluation.

(This Article is not recommended by the Budget Committee)

ARTICLE 13. On petition of Frances I. Holway and 9 others, to see if the Town will vote to raise and appropriate one thousand dollars (\$1,000.00) to make another office room in the Town Hall by removing the kitchen sink cabinet, stove, and refrigerator from the present kitchenette area and reduce the costs of this project by selling them. A solid backing will then be put behind the present screening and a wall with door constructed at the southern end with a cabinet or closet where the

present stove now stands. A small sink with hot plates will then be put on the wall between the doors to the rest rooms for Men and Women, the necessary water and drainage lines to go through the wall and be connected to those of the sinks therein with the minimum of plumbing. Unused funds may be used for shelving and for a very small refrigerator. The new room could be used by several town personnel who need only part time office space, such as the judges who have no chambers where they can talk to people in private (usually needed on Wednesdays); the building inspector whose official day to be at Town Hall is Thursday, but who generally has appointments to meet people on several other days as well (causing much confusion in the office of the Tax Collector); and/or for such other personnel as the Selectmen may determine.

(This Article is not recommended by the Budget Committee)

ARTICLE 14. To see if the Town will vote to authorize the Selectmen to withdraw from the Capital Reserve Fund established in 1980 for office equipment, the sum of five thousand dollars (\$5,00.00) for a copy machine and typewriter.

ARTICLE 15. a. To see if the Town will vote to accept the budget submitted by the Budget Committee and pass any vote in relation thereto, and,

b. To raise and appropriate such sums of money as may be necessary to defray Town charges for the calendar year 1982.

ARTICLE 16. To see if the Town will vote to authorize the Selectmen to sell a parcel of land on Appledore Avenue, shown on Assessors Map No. 9, Lot No. 284, with an area of four thousand nine hundred (4,900) square feet to the highest bidder with a minimum bid of two thousand dollars (\$2,000.00).

ARTICLE 17. To see if the Town will vote to authorize the Selectmen to sell a of land on West Road, shown on Assessors Map No. 17, Lot No. 71, with an area containing fourteen (14) acres more or less, to the highest bidder with a minimum bid of twenty-seven thousand five hundred dollars (\$27,500.00).

ARTICLE 18. On petition of Larry D. Severance and nine others, to see if the Town will authorize the use of the former highway department building on Central Road opposite the town cemetery as a teen center to be managed under the direction of the Teen Center Committee, and to further authorize the Teen Center Committee to make repairs and alterations to said building at its own expense, and to further authorize the Town to continue to pay water charges and fire insurance premiums on said building and to make any necessary repairs to the furnace in said building, (all other expenses to be borne by said Teen Center Committee), and to further authorize the Selectmen to appoint or reappoint eleven persons to serve on the Teen Center Committee on an annual basis.

ARTICLE 19. On petition of Hazel L. Ham and eleven others, to see if the Town will vote to accept Ham Lane in Rye. The road has been completed in accordance with Hazel L. Ham subdivision plans approved by the Rye Planning Board and to satisfaction of the Rye Highway Agent.

ARTICLE 20. On petition of Susan V. Kutzleb and thirteen others, to see if the Town will vote to amend the "Use of Town Lands" ordinance by adding a new paragraph 2. as follows: "Hunting and/or the use of firearms in the Rye Town Forest (as defined in Article 22, 1981 Town Meeting warrant) is strictly prohibited"; and renumbering paragraphs 2, 3, and 4 to paragraphs 3, 4, and 5.

ARTICLE 21. To see if the Town will vote to adopt a NOISE ORDINANCE as follows:

Be it hereby enacted by the Rye Board of Selectmen that it shall be unlawful for any person to make, continue, or cause to be made or continued any excessive, unnecessarily loud noise, or any noise which either annoys, disturbs, injures, or endangers the comfort, repose, health, peace or safety of others, within the limits of the Town, and in accordance with the concepts, measurement definitions and procedures set forth below.

1. Noises Prohibited-Decibel Provisions

- a. Use Districts. It shall be unlawful to project a sound or noise, excluding noise emanating from cars, trucks or other vehicles, from one property into another, within the boundary of a use district, which exceeds the limiting noise spectra set forth in Table 1 below. Sound or noise projecting from one use district into another use district with a different noise level limit, shall not exceed the limits of the district into which the noise is projected.
- b. Loading and Unloading. It shall be unlawful to load, unload, open, close, or otherwise handle boxes, crates, containers, building materials, trash cans, dumpsters, or similar objects between the hours of 10:00 p.m. and 6:00 a.m. so as to project sound across a real property line, except as exempted under e. below.
- c. Power Tools. It shall be unlawful to cause a noise disturbance across real property line by operating any mechanically powered saw, sander, grinder, drill, lawnmower or garden tool, or similar device used outdoors, with the exception of snowblowers, before 7:00 a.m. Monday through Saturday and before 10:00 a.m. on Sunday. Snowblowers, lawnmowers, and chain saws shall be exempt from the L-10 and Maximum Permissible A-weighted Sound Level limits enumerally in Table 1 below. However, such tools shall be operated within all applicable time restrictions and shall be operated in a reasonable manner.
- d. Radios, Television Sets, Musical Instruments, and Similar Devices. It shall be unlawful to operate, play, or permit the operation or playing of any radio, television, phonograph, drum, musical instrument, sound amplified or similar device which produces, reproduces, or amplifies sound between the hours of 11:00 p.m. and 7:00 a.m. in such a manner as to create a noise disturbance across a real property boundary.
- e. Exemptions. The following uses and activities shall be exempt from the noise level regulations:
 - (1) Noises of safety signals, warning devices, and emergency pressure relief valves;
 - (2) Noises resulting from any authorized vehicle, when responding to an emergency call or acting in time of emergency;
 - (3) Noises resulting from emergency and maintenance work as performed by the Town, by the State, or by public utility companies. Noises resulting from the provision of municipal services;
 - (4) Any other noise resulting from activities of a temporary duration permitted by law and for which a license or permit therefor has been granted by the Town;
 - (5) The unamplified human voice;
 - (6) Parades and public gatherings for which the Selectmen have issued a permit;
 - (7) Bells, chimes or carillons while being used for religious purposes or in conjunction with religious services, and those bells, chimes, or carillons that are presently installed and in use for any purpose.

2. Measurement of Noise.

- a. The measurement of sound or noise shall be made with a sound level meter meeting the standards prescribed by ANSI S1.4-1971 TYPE 1n or TYPE 2 and IEC 179. The instrument shall be maintained in calibration and good working order. A calibration check shall be made of the system at the time of any noise measurement. Measurements recorded shall be taken so as to provide a proper representation of the noise source. The microphone during measurement shall be positioned so as not to create any unnatural enhancement or diminution of the measured noise. A windscreen for the microphone shall be used when required. Traffic, aircraft and other transportation noise sources and other background noises shall not be considered in taking measurements except where such background noise interferes with the primary noise being measured.
- b. The slow meter response of the sound level meter shall be used in order to best determine that the amplitude has not exceeded the limiting noise levels set forth in Table 1 below.
- c. The measurement shall be made at the location the noise is perceived by the complainant, or upon a public way, at a level of five (5) feet above the ground.

3. Tables

Table 1: Limiting Noise Level for Use Districts:

Use District A represents single and general residential zones and the historic district. Use District B represents Business A and Business B zones. Use District C represents the commercial zone. Public recreation would be included under District A. All zones are as defined and delineated (delimited) in the Rye Zoning Ordinance.

<u>Use District</u>	<u>Maximum Permissible A-Weighted Sound Level</u>	
	<u>Day</u>	<u>Night</u>
A L-10 level	55	45
Maximum	68	58
B L-10 level	60	45
Maximum	70	58
C L-10 level	60	60
Maximum	70	70
L-10 refers to a national guideline for measuring noise levels over time and is recommended by the Environmental Protection Agency.		

Sound levels are in decibels re: 20 micro pascals measured on the A-weighted network of a sound-level meter meeting the standards referenced in 2.a.

- (1) For the purpose of this Table, "Day" shall be defined as 7:00 a.m. to 11:00 p.m. and "Night" shall be defined as 11:00 p.m. to 7:00 a.m.
- (2) If the noise is not smooth and continuous, one or more of the corrections in Table 2 below shall be added to or subtracted from each of the decibel levels given in Table 1 of this section.

Table 2: Type of Operation in Character of Noise

(Correction in Decibels)

Noise of impulsive character (hammering, etc.); minus 5

Noise of periodic character (hum, screech, etc.); minus 5

4. Application for Special Permit: Application for a permit for relief from the noise level designated in this ordinance on the basis of undue hardship may be made to the Board of Selectmen. Any permit granted by the Selectmen shall set forth all conditions pertaining to the specified noise, and a reasonable time limit for its abatement.
5. Upon an apparent violation of this ordinance the enforcing officer shall give a verbal order to cease or abate the noise immediately or within a specified period of time. If the order is not complied with, the person or persons responsible for the noise shall be charged with a violation of the ordinance. Anyone who violates the ordinance shall be subject to a fine of twenty-five dollars (\$25.00). Written record of all measured violations shall be kept by the Police Department.

This ordinance shall take effect upon passage.

ARTICLE 22. To see if the Town will vote to amend the PARKING ORDINANCE as follows:

- a. In the first sentence, change "June 1st" to May 1st".
- b. In paragraph 2.b., change "Hoid property" to "5 Sea Road at the corner of Ocean Boulevard".
- c. Delete paragraph 2.e. and substitute the following: "Parallel parking by permit only at Sawyer's Beach, so-called, between 2360 Ocean Boulevard and 2420 Ocean Boulevard".
- d. In paragraph 2.f. change "the Brown property on the east side of Ocean Boulevard" to read "between Jenness Beach and Sawyer's Beach on the east side (2300 Ocean Boulevard to 2360 Ocean Boulevard)".
- e. In paragraphs 3.b. and 3.c. change "South Grove Street" and "North Grove Street" to read "Big Rock Road".
- f. Delete paragraph 3.f. and substitute the following:
"Parallel parking only on the west side of Old Beach Road.
Parallel parking on the left side of the right-of-way, so-called, between 86 Old Beach Road and 92 Old Beach Road for handicapped persons only from Old Beach Road to the ocean by permit only."

ARTICLE 23. To see if the Town will vote to adopt the following ordinance:

USE OF ALCOHOLIC BEVERAGES

An Ordinance to Prohibit Consumption of Alcoholic Beverages

No person shall consume any liquor or beverage or possess any opened container thereof, as defined by RSA 175:1, while in any vehicle upon a public highway, or while upon any public highway, sidewalk or common within the limits of the Town of Rye.

ARTICLE 24. On petition of Guy Chichester and 18 others, to see if the Town will vote to adopt the following:

"Shall the citizens of Rye ask members of the New Hampshire Congressional delegation to support or co-sponsor a resolution in the U. S. Congress to: Request the President of the United States to propose to the Soviet Union that the United States and the Soviet Union adopt a mutual freeze on the testing, production, and deployment of nuclear weapons and of missiles and new aircraft designed primarily to deliver nuclear weapons, with verification safeguards satisfactory to both countries."

ARTICLE 25. To transact any other business which may legally come before this meeting.

Given under our hands and seal this sixteenth day of February in the year of our Lord, nineteen hundred and eighty-two.

Aldrich Mitchell, Jr.
Ralph E. Morang, Jr.
Patrick J. McKeon, Jr.
Selectmen of Rye

A true copy of the Warrant, ATTEST:

Aldrich Mitchell, Jr.
Ralph E. Morang, Jr.
Patrick J. McKeon, Jr.

CUSHMAN S. COLBY
CERTIFIED PUBLIC ACCOUNTANT
HAMPTON, NEW HAMPSHIRE 03842

AUDITOR'S REPORT

To the Board of Selectmen
Town of Rye
Rye, New Hampshire

I have examined the combined financial statements of the Town of Rye, as of and for the year ended December 31, 1980, as listed in the index. My examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

As described more fully in the Summary of Significant Accounting Policies, the combined financial statements referred to above do not include financial statements of the General Fixed Assets Account Group, which should be included to conform with generally accepted accounting principles.

In my opinion, except that the omission of the financial statements described above results in an incomplete presentation, as explained in the preceding paragraph, the combined financial statements referred to above present fairly the financial position of the Town of Rye at December 31, 1980, in conformity with generally accepted accounting principles applied on a consistent basis.

My examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The accompanying Schedule of Detailed Revenues and Expenditures - Budget and Actual - General Fund is presented for the purposes of additional analysis and is not a required part of the combined financial statements of the Town of Rye.

The information has been subject to the auditing procedures applied in the examination of the combined financial statements and, in my opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

SELECTMEN'S REPORT

We, the Selectmen, find that the year 1981 was overall very productive. However, there were many controversial issues that created strong pro and con feelings among town residents which were handled in the best interest of the town.

Last July, the State of New Hampshire issued a cease and desist order to the town, ordering the town to put in a sewer system in Rye Beach. Implementation of this order will definitely affect the Rye tax rate for all residents in the future. Subsequent to this cease and desist order, a new Pollution Control Study Committee was formed to purpose a plan of action. This committee will report to the town in the spring.

One article in this year's warrant will be a proposal for a complete revaluation of the town which will result in more equitable taxation for all property owners. This proposal has my support.

It is recommended that appropriate action should be taken in the near future to decrease the legislated rate of taxes required to be paid by the towns to the county. County taxes for Rye increased 73% over last year - 1980 was \$191,652.00; 1981 was \$261,244.00. It is not difficult to envision future county tax rates if we, the citizens of the various towns, take a "do nothing" attitude and neglect to voice our feelings to the legislators.

Implementation of a computerized system for financial accountability for the town is one thing we are very proud of accomplishing this year. This system will provide a great service to the town in that the turn round time for the accessibility of financial statistics have been decreased by more than 90%. It is essential to modern day operations of any businesses to be able to pinpoint their financial position at any given time. This time saving device will also provide a more accurate accounting system.

I would like to personally thank all those who were instrumental in making my job as Selectman for the past six years an easier one. It has been a pleasure and challenge to serve in this capacity during my two terms. My special thanks go the office staff and their job expertise.

My best wishes remain with continued success for the town under the management of the Selectmen's office. The town interest was always my number one priority.

Respectfully submitted,

Aldrich Mitchell, Jr.
Chairman, Board of Selectmen

* * * * *

BUDGET COMMITTEE REPORT

On March 19, 1981, the chairman of this committee reviewed with the three Selectmen, the entire budget, item by item, pointing out problem areas and making specific suggestions for control.

July 20, 1981, the whole committee met with some of the Selectmen, the same problems were pointed out. We also reviewed the standing of the School District budget and the other three districts. The problems in the school's financial picture were being address for the 1981-82 year and the 1980-81 year was within budget. The town audit had not been completed for 1980.

In September we made the same reivew, items in the town budget were becoming more acute and it was difficult to see that any suggestions made in March or July had been adopted. We were advised that the town's 1980 audit would be forthcoming.

On December 14, 1981 we met, set date for submission of all budgetry units. The town budget, with the Selectmen's recommendations, was requested for January 4, 1982. For the record we never received the total recommended budget until the night of Febuary 2, 1982. We had many meetings trying to cooperate to get the matter settled during January.

The 1980 audit was delivered to the town on December 2, 1981. Our review of it revealed not only an overexpenditure of funds, but various technical problems with accounting procedures and allocation of funds. The Selectmen arranged a meeting with the auditor and while a few items might be questioned, his five page summary citing lack of records for an "audit trails" accounted for some. There were also more than five letter recommendations, many meetings with the Selectmen going back to at least 1979. During 1980, the auditors were paid to update some areas.

In January 1982, the State met with the Selectmen and auditor with a report of procedure and accounting methods. At the time of this writing, corrections are to be made in the 1980 audit, though it appears there will still be an over-expenditure.

A 1981 audit has been requested by the Selectmen, but we have learned that it cannot commence until the 1980 audit is cleared. The treasurer's report of expenditure vs budgeted figures shows an overexpenditure for 1981, also. This has, of course, not been verified by the audit. We budgeted, and you voted for, \$6000.00 for the audit; \$23,000.00 was spent!

We are not an audit committee. We cannot direct the Selectmen in the expenditure of funds. We made our recommendations to you at Town Meeting. You vote the amount of money the Selectmen receive and they have the authority to spend it without regard to line or department items if they so choose, as long as they do not exceed the total appropriated. Our duties are governed by RSA 32:1-13. In general it includes a review of expenditures by the Selectmen and if a majority of the committee so votes, may at the expense of the town, petition the Superior Court for removal.

The committee voted to defer any action in this regard until we could finalize budgets for the Town and districts. Factually, we do not yet have a final 1980 audit, so 1981 cannot be started.

It has been a busy year for the committee for the best interests of the Town. We trust that 1982 will bring these matters to a conclusion. We regret the length of this report, but the law indicates we should function as an information agency and we felt facts would help.

Respectfully submitted,

John H. Grimes, Chairman

TOWN CLERK'S REPORT

Reminders: Vehicle registrations are renewed each year during the birth month; proof of resident tax payment, if applicable, must be shown.

Dog tags and licenses must be obtained each year between January 1 and April 30; proof of rabies vaccination must be presented; \$1.00 a month penalty is assessed after June 1.

Office Hours: Monday - Friday 8:00 a.m. to noon; 12:30-3:00 p.m.
Monday evenings 6:30 to 8:00 p.m.

Registration Certificates (4839)		\$ 156,802.00
Dog Licenses (738)		
215 Males	\$ 1155.00	
56 Females	336.50	
114 Neutered males	381.80	
352 Spayed females	1173.90	
1 Lost tag	2.00	
2 Kennel licenses	37.00	
211 Penalties	<u>415.00</u>	
		3,501.20
Miscellaneous		
U.C.C. Statements	\$ 432.00	
Marriage licenses	700.00	
Vital Statistics	54.00	
Filing fees	4.00	
Dredge & fill permits	<u>18.00</u>	
		1,208.00
Paid to Treasurer		\$ 161.511.20

The large increase in marriage license fees over 1980 which was \$185.00 is due to a fee increase from \$5.00 to \$20.00. However, for each license issued the Town gets only \$7.00 - the State gets \$13.00 (which is paid monthly to the State Treasurer).

Respectfully submitted,

Leigh Y. Johnston, Town Clerk

* * * * *

FIRE CHIEF'S REPORT

The Fire Department responded to a total of 189 incidents in 1981 broken down as follows: alarm activations 16, auto accidents 19, auto fires 5, bomb calls 1, chimney and woodstoves 18, electrical 1, false alarms 2, gas washdowns 6, grass and woods 25, investigations 22, medical aid/ambulance assists 7, permit fires 2, public assists 14, smoke calls 12, structure fires 11, wires down 5, mutual aid to Portsmouth 8, North Hampton 5, Greenland 7, Hampton 2, New Castle 1, received mutual aid from North Hampton 1.

Other activities include woodstoves inspected 47, fire drills 17, CPR classes (Cardiopulmonary resuscitation) 22, civilians trained 22, firefighters recertified

11, fire permits issued 581, ambulance calls dispatched 243, and dispatching for the police department.

The present condition of apparatus and equipment appears to be good, with most of the maintainance being performed by fire department personnel. We sell fire prevention as often as possible to save lives and property. Lives are impossible to replace and property very expensive, especially when it is your own family or home. A reminder, smoke detectors are required in all residences and includes any place that has sleeping accommodations. It is less expensive to purchase smoke detectors than a bed in a hospital.

Our thanks to other Town departments and citizens who assisted us this past year.

Respectfully submitted,

George W. Moynahan, Jr., Fire Chief

* * * * *

POLICE CHIEF'S REPORT

The Rye Police Department wishes to express their appreciation to everyone who assisted and supported the Department this past year.

Again, I plead with the residents to have a neighborhood watch program; it would be a great help to both your neighborhood and the Police Department to have any suspicious incidents or persons reported to the Police Station at the time they are seen.

As you may or may not know, we had a beach patrol this past summer. I am proud to say that this patrol was very effective. They went out day and night, but mostly nights and the men on the patrol were responsible for 54 summonses for alcohol and 6 drug arrests.

I believe the patrol contributed to less criminal mischief and more confiscation of fireworks and fewer suspicious vehicles. The publicity it had among the habitual offenders deterred them and their friends from continuing with illegal conduct in our town. The patrol allowed the uniformed patrol to spend more time on other town roads where there is also an increase in traffic during the summer.

With Hampton's publicity of their mounted patrol and the strictness of the laws being enforced in that community, we have noticed an overflow in our town. The number of vehicles along our coast line is evidence of this. It is hard to imagine what it would have been like without a patrol on our beaches.

The following is a few of the items that were handled by this department in 1981: 1003 summonses, 689 alarms, 124 arrests, 716 parking tickets, 188 accidents and many other miscellaneous complaints. The total for the department was over 4500.

Respectfully submitted,

Walter E. Dockham, Jr., Police Chief

JUVENILE OFFICER'S REPORT

The juvenile officers' case load was very busy again this year. During 1981 we still had two juvenile officers working within the Police Department; Sgt. Larry D. Severance and Officer Randall B. Tompkins. Sgt. Severance's main duties are that of supervisor and prosecutor.

At the 1981 Town Meeting, the Town voted to look into a site for a proposed Teen Center in Rye. A committee was formed and ideas and suggestions were sought from interested people. A tentative site was chosen (the old Highway Building) and strides are being made to raise money through raffles and contributions to start to give the building a face lift.

The fact that I am a police officer and, more especially, one who works with the youth, I can really see the need for a center of this type. All too often when I ask a youth who has committed an offense, "Why did you do it?"; their answer is usually, "I don't know, I guess there was nothing else to do."

I think it is time for us to make an effort to give them something to do and the Teen Center is one way. The improvements in the Recreation Area are also a great start, but it is usually limited to good weather days.

The statistics for 1981 will confirm these thoughts; even this year there is an overwhelming number of youths in possession of alcohol, controlled drugs, stolen property, and yes, idle time.

The statistics are as follows: alcohol 165, burglary 119, thefts 15, violation of Town Ordinance (firearms) 3, controlled drug 8, and many other miscellaneous offenses for a total number of 374.

Respectfully submitted,

Randall B. Tompkins, Rye Police Dept.

* * * * *

MUNICIPAL COURT REPORT

At the conclusion of the year 1981, there were 1048 cases processed by the Rye Municipal Court. Of this total, 619 were motor vehicle offenses, 94 were misdemeanor offenses, 1 felony, 293 town ordinance violations, and 41 small claims actions.

The Court is conducting regular sessions for pleas, arraignments and trials on Wednesdays of each week with the exception of the winter months when regular sessions are held every other Wednesday. The clerk's office, however, is open for business transactions and other duties every Wednesday morning.

All the requirements and procedures for the Administrative Committee for District and Municipal Courts, as well as those required by the New Hampshire Supreme Court, have been implemented during this calendar year. These requirements have placed an additional administrative workload on the Court, requiring more time to complete, maintain, and report to these agencies. The Court has kept abreast of all the changes and is maintaining a steady work flow.

The caseload has increased at a steady level and the increase is expected to continue at the rate of approximately 50 cases per year. There is also expected further additional changes in administrative procedures as all Courts and the Administrative Committee are working toward a more standardized and efficient operation of the entire judicial system.

At this time the Court wishes to express its gratitude to the Selectmen, the Rye Police Department, the N. H. State Police, the N. H. Fish and Game Department, and the Rockingham County Sheriff's Department for their cooperation during the past year.

Respectfully submitted,

Christopher S. Christo, Clerk

* * * * *

ANIMAL CONTROL OFFICER'S REPORT

As always, we still have animal "problems" in the Town, and will have as long as we have residents and visitors who own animals. The purpose of the Animal Control Officer is that of a custodian; we often have to take care of the incident after it has happened, as often do the Police.

We have available at the Police Station, a sheet that advises persons with complaints about animals how to proceed. I urge all complainants to obtain a copy of this, and follow the guidelines described, so that each complaint can be properly handled.

As of June 1, 1981, we had over two hundred and fifty unlicensed dogs in Town. I would urge all dog owners and keepers to notify the Town Clerk if your dog, for any reason, is no longer with you. Every dog, three months old or older, must be licensed in the Town where the owner or keeper lives. Do not license your dog in Portsmouth or North Hampton, if you live in Rye! Even if you do not "own" the dog and are keeping it, the animal must be properly licensed. This license must be obtained by April 30th of each year, and must be worn on a collar by the dog at all times. Please assist us in this important requirement.

Dogs cannot be off the property of their owner or keeper while unattended. This is really quite simple; do not allow your dog to go out unless you restrain it or a responsible member of the household is with it. Any member of a household is liable under the ordinance for violations concerning dogs.

Some of the figures compiled in 1981 regarding animals are: Incident reports written 133; dogs impounded 75; dogs reported as being "lost" 69; written warnings issued 55; town ordinance summons issued 63 (which brought in over \$859.00 in fines); and unlicensed dog summons issued 25.

Another problem which seems to be growing is loose horses. I urge all horse owners in town to have their name and phone number stamped on the bridle or halter of their horses, so that should the animal get out, we can contact them. A serious accident may result from horses running in the streets, and it is very difficult to catch and restrain some of these animals, as it is difficult to find out who owns them, without the tack being labeled.

I would also advise home owners with chimneys and stove pipes to screen the tops, so that racoons and birds do not get down in the pipe and have to be removed.

Since the Animal Control Officer is part time, thanks is due to both the Police and Fire Departments and their personnel, who answer complaints and take messages, etc., while I am not available. Their assistance to me and the Town is immense and greatly appreciated.

Respectfully submitted,

Steven C. Irving, Animal Control Officer

DUMP COMMITTEE REPORT

In April 1981, the City of Portsmouth offered the Town of Rye an opportunity to dispose of our solid waste at their soon to be completed refuse-to-energy plant.

The committee was asked by the Selectmen to research the offer and contract and make recommendations. Rye's present and future position regarding solid waste disposal was evaluated. The offer made by the City of Portsmouth was determined to be the most economical solution for the present and because of the guaranteed ten year price of \$7.50 per ton, was the best for the future.

The committee's recommendation was presented and accepted at a special town meeting held in July 1981. Commencement for the new method of solid waste disposal is July 1982.

The recycling center on Grove Road realized \$3,047.00 from the sale of newspaper and cardboard this past year. The committee's efforts to continue improving the operation of the dump have been hampered by a lack of cooperation from certain Town administrators and employees. We hope this will be resolved shortly so that unfinished projects can be completed and more improvements implemented.

Respectfully submitted,

Robert P. Wyman, Chairman

* * * * *

CONSERVATION COMMISSION REPORT

We continue to monitor both the Planning Board and the Board of Adjustment. With so little sound building land available, there is continued pressure to use the problem areas, the marginal land. We are committed to preservation of our wetlands.

The sudden death of our member Hope Wright came as a shock to all of us. She was the original founder of this commission. Funds in her memory were donated to the Conservation Fund. As a community memorial project, six white Crab-apple trees have been planted at Rye Center.

We have followed the planning at state level for more mileage of Bike Trail through Rye, along Route 1-A. Our views are on record. We favor the proposed bridge re-construction. We are concerned about the loss of parking at town-owned Sawyer's Beach, also at long established commercial establishments. There is a prospect that portions of Eel Pond may be filled to carry out the project.

Rye has had only a minor trace of gypsy moth infestation. We do not favor any public spray for Rye.

We are pleased to see that the volume of road salt used in Rye appears to have been reduced. Salt affects vegetation, leading to loss of trees and affecting even grasses at the roadside. Salt can get into drinking water, public or private. So we like to see a higher proportion of sand to salt where possible on winter roads.

We have purchased a 2-acre parcel (Lot 26, Sheet 19) for \$300.00. It is off South Road between Love Lane and Garland Road.

The Rye Town Forest came into existence at the March 1981 Town Meeting. This puts into a management unit wooded portions of the Parson's tract, recreation area, and the cemetery. The Conservation Commission has tried to continue with the momentum started by the former Land Management Committee. Trails have been improved and extended. These are not mapped and marked. We are pleased with the quality of regular usage by both youth and adults. Hiking with open ground and cross-country skiing with snow cover are principal trail uses. (The Town voted in March 1981 to prohibit trail bikes and snowmobiles.) One forest cleanup job was carried out, of

getting the log cabin site looking better and at least safe. Jim Piper and Charles Tallman did most of the work.

At several locations in the Town Forest there is seasoned pine from storm damage or road building. If any people can use this for their wood supply, they may contact the Commission for a salvage permit. It will otherwise be left to decay.

We have in hand a forest type mapping prepared by Tom Rogers, Assistant County Forester. Our long-range objective is improvement of the forest quality, while at the same time maintaining the light recreation usage. As an initial project, we have set ourselves a stint of two acres for weeding, thinning, and pruning of young pines. Philip Auger, County Forester, helped set this up with marking of trees for removal and gave explanation at a public demonstration.

Respectfully submitted,

Louise H. Tallman, Co-Chairman

* * * * *

RECREATION COMMISSION REPORT

The major accomplishment of the Rye Recreation Commission in 1981 was the completion of the new athletic field in the Recreation Area. The field was opened in September for the use of all Rye youth soccer teams and the Rye youth football league. Each Saturday from September through November, approximately 200 players and their parents congregated here for these activities. Everyone expressed great pleasure over this fine new facility.

During the summer of 1981, the commission ran a six-week, half-day, day-camp type program for three different age groups. Activities for junior high age boys and girls were held on the Rye Junior High School field under the direction of Robert Lister. Soccer, golf, archery, and softball, plus bicycle hikes were some of the features of this new program. At the Recreation Area, children in grades one through five were involved in a sports and arts and crafts program. When these children took their weekly field trips, the area was opened to children age four and five. Staff included Barbara Guth and Sheila Stockslager.

During the non-summer months, the Recreation Commission sponsored several bus trips to Boston; classes in gymnastics, baton, aerobic dance, and yoga; and a youth basketball program, all of which involved 200-300 children and adults. These activities were held in the Rye school gyms.

Plans for 1982 include the expansion of the parking lot in the Recreation Area, completion of a new Pony League baseball diamond in one corner of the new field, and continuation of the summer and non-summer programs and classes.

Respectfully submitted,

Marcia Woicak, Director

RYE TEEN CENTER REPORT

An eleven member board, with eleven alternates, was formed last April to make plans for a teen center in the town of Rye. Five hundred dollars was appropriated by the Town in 1981 for this purpose. Since only \$229.65 was used by the committee by the end of 1981, the remaining balance of \$270.35 was returned to the general fund.

Plans are being made to obtain the old Highway Building on Central Road as the Teen Center. Remodeling and alterations are necessary to make the building usable for this project at the estimated cost of \$2,600.00. (Estimate includes only materials, not labor.) Many townspeople have volunteered their time to help remodel the town building. To help raise the necessary funds, a "Male Beauty Contest" was held in November. Proceeds from the event, plus donations made to the teen center, totaled \$627.33. A heating oil raffle is now being held to raise more funds for the many repairs necessary. Many useful items for the center, such as games, a pool table, pin ball machines, a stereo, a juke box, two television sets, and numerous other items have already been donated.

Respectfully submitted,

Pauline Garrity, Chairman

* * * * *

BOARD OF ADJUSTMENT REPORT

For the first time in recent years the number of petitions for variances, special exceptions and relief from administrative decisions has declined. The total for 1981 was twenty-eight with thirteen approved and fifteen disapproved. Six petitions for rehearing were requested of which only one was granted. Although fewer in number, complexity continues to be the rule rather than the exception. The Board makes every attempt to reach a just and proper decision with equal concern for all parties in each case.

Patrick McKeon, one of the alternates, left the Board last spring upon being elected to the Board of Selectmen. His contributions to the business of the Adjustment Board were significant and he is missed. He has been replaced by Mrs. Helen Durham of Rye Beach.

The Board meets in the library conference room the first Tuesday of each month at 7:30 p.m. to hear and decide on the merits of the petitions. Observers, interested citizens, and participants are welcomed and encouraged to attend any of these meetings.

We do our best to serve you well.

Respectfully submitted,

Leon H. Valley, Chairman

SOUNDING BOARD REPORT

This Spring the Sounding Board will turn over its master plan to the Planning Board. The Sounding Board has spent a great deal of time trying to incorporate professional advise and input from townspeople to create a reasonable and practical plan that everyone can live with.

The Planning Board will need to do some additional work on the plan and while the work of the Sounding Board will be over, it is expected that some members will continue to work with the Planning Board on the plan.

The Planning Board will need a good deal of time to consider the master plan and make changes they may feel are necessary for them to adopt it. Any changes in town law that emerge from the master plan will be submitted to the townspeople for their vote.

Respectfully submitted,

Alexander Herlihy, Chairman

* * * * *

AMBULANCE CORPS REPORT

The Rye Ambulance Corps made 243 runs in 1981. These runs can be broken down as follows: 50 motor vehicle accidents, 147 home emergencies, 32 non-emergencies, 10 cancellations, and 2 mutual aid calls each to North Hampton and Portsmouth.

The Corps is starting the year 1982 with seventeen licensed ambulance attendants of whom fifteen are EMT-A's (Emergency Medical Technicians - Ambulance). The Corps is staffed by unpaid volunteers. If any resident is interested in joining the Corps, please contact any Corps member or call the dispatcher at 964-6411. The more members we have, the easier it is for all concerned. The results are very rewarding.

The Corps holds meetings at the Rye Fire Station every Wednesday evening at 8:00 p.m. These meetings consist of Corps business and training sessions ... all are welcome to attend.

The Corps purchased a new Ford Modular Pioneer 3. We were able to do this through annual subscriptions and private tax deductible donations. The Corps also purchased some very valuable life saving equipment through private donations which we greatly appreciated.

The Corps has just completed twenty years of ambulance service to the Town of Rye with no expense to the taxpayers.

We thank all who have helped during the year with a special thank you to the Rye Fire and Police Departments who are always outstanding with their support.

Respectfully submitted,

John W. Moynahan, President, RAC

LIBRARY TRUSTEES' REPORT

The library improvements this year included weather stripping, work on the sewerage system, renovation of the conference room made possible through the bequest of Dorothy Parsons' estate, painting of the lower level hallway, window boxes on either side of the front entrance made by the wood shop class at the Junior High School, and new shrubs, fertilization and bulbs planted last Fall.

In April, the library held a reception for the Mayor of Rye, England. In the July 4th parade, the library's float won second place.

Creative writing was offered by Mimi White, a professional poet and our poet-in-residence. Six hundred and twenty-five dollars was granted to us through the Artists in School, thus enabling us to offer two summer workshops and two workshops in the Fall for pre-school age and 8-10 year olds.

The trustees have enjoyed another great year working with librarian Bette Owens. Susan Cronin continues to stimulate the minds of our young citizens by offering a wide variety of learning and creative experiences.

Also, appreciated is the fine job done by our custodian, Robert Goodsell and Albert Jee, our treasurer, for their outstanding services to the library.

Respectfully submitted,

Harry B. Trefethen, Chairman

* * * * *

LIBRARIAN'S REPORT

The year began at the Rye Library with a change in personnel. Lorraine Cameron retired after many years of service as Assistant Librarian. She was replaced by Pat Stetson, who became the Head of Adult Services. Susan Cronin remained as Head of Children's Services, and Teddy Wyatt and Marjorie Little filled in as part-time assistants. Robert Goodsell stayed on as custodian.

Once again, the Rye Library became one of the busiest places in town. Programs for adults included craft workshops, a film and lecture on New Hampshire authors, two investment seminars, creative writing classes, and monthly book reviews. In addition, the blood pressure clinic by the district nurses is held monthly and classes were held for high school students preparing to take the SAT's. In the Fall, the library had an Apple II computer on loan from the Pelham Public Library. Patrons were able to see how it is used and to try some of the programs that came with it.

The Children's Room was frequently a hive of activity. During the school year, the library offered holiday craft workshops, films, puppet shows, and a reading club. For pre-schoolers, age 3-5, weekly story hours were offered. During the summer months, the library had the following activities: Week-long babysitting workshop, movies, library aide training program, poetry workshop, calligraphy lessons, readings, and work on the July 4th parade float which won second prize. The Boston Children's Theater Stagemobile gave an outdoor performance at Parsons' Field which

the library sponsored. More than 1000 children took part in the summer activities.

Library staff members attended various professional meetings during the year. In addition, the library hosted two meetings: the Seacoast Librarians in May and the State Association of Children's Librarians in October.

More books were circulated during 1981 than ever before, and more than 400 new borrowers were signed up. With the closing of the State Library office in Exeter, the facilities of the bookmobile are no longer available. We are now forced to rely almost exclusively on our own collection without the supplementary service provided by the bookmobile. Interlibrary loan from the State Library or from area libraries is still available for specific titles or subjects.

As the year came to a close, the conference room was in the final stages of re-furbishing. When the room was planned in the late 1960's, the planners did not foresee the extensive use to which the room would be put. As an example, during the month of November 1981 there were 43 separate meetings or activities in this room. This goes on year round, so the trustees decided that a portion of a large donation to the library should be used to improve the room. We are very excited about our "new" room and hope that everyone using it takes special pains to keep it looking bright and new.

The Friends of the Library have given us a great deal of assistance. Their monthly work meetings accomplish various library tasks, and their annual book and bake sale provides financial support. This year they are providing a sizeable donation toward the cost of new draperies for the conference room. They provide goodies and favors for story hour parties and decorate the library at Christmas. Their numbers are small, but their enthusiasm is endless. We are all most thankful for their efforts in our behalf.

A special event of the year held at the library was the reception held for the visiting Lord Mayor of Rye, England, Jo Kirkham, her daughter, Tracey, and Councilman Simpson. The reception was co-sponsored by the Rye Historical Society, the Friends of the Library, and the library itself. It was well attended and all who were present thought it was a very pleasant party. The English guests were delightful.

I would like to thank the trustees, the staff, and Al Jee for their assistance and support during 1981. I would also like to thank the people of Rye. It is through your patronage and support of our facilities and activities that the library is able to flourish in the community. We feel that we are an important part of the town and hope that we can reach many more members of the community during the coming year. There are still many people in town who do not realize that the library is a great place. Today's library has many resources of which books are only a part. If you have not been to your library lately, you are missing something.

Respectfully submitted,

Bette C. Owens, Librarian

There are 20,868 on accession as of December 31, 1981 plus 60 different magazines (subscription and gifts), 507 records, 38 prints, 5 films, 27 filmstrips, and 270 slides. Number of registered borrowers was 3,351 with 415 new registrations.

The library hours are:	Monday, Wednesday, Friday	10:00 a.m. - 6:00 p.m.
	Tuesday and Thursday	1:00 p.m. - 8:00 p.m.
	Saturday	10:00 a.m. - 1:00 p.m.

TRUSTEES OF TRUST FUNDS REPORT

This year's cemetery expenses were up due to increased payroll and the purchase of a much needed new dump truck. To cover the increased expenses, we used the proceeds from the sale of cemetery lots during 1980 which amount to \$6,800.00. Our estimated expenses for 1982 will be more in line with previous years.

In the Dalton Fund (also used for cemetery purposes), we made several gains and purchases of stocks which amounted to a gain of \$4,991.36. We also increased our investment in growth stocks and decreased our holdings in fixed income assets such as U. S. Government bonds and savings certificates. This will help income in future years.

In the library funds there was an addition to the Shirley S. and Helen F. Philbrick Fund of \$100.00. The library investments produced a record of \$7,452.16 which was turned over to the library trustees for the purchase of books.

Under miscellaneous funds, an additional deposit of \$10,000.00 was received for the Capital Reserve Fund for tax revaluation, as well as \$8,000.00 for the Capital Reserve Fund for a new roof for the Elementary School.

Respectfully submitted,

Melvin R. Low
Frances I. Holway
George W. McAlpin
